

1) Open up a Google form  
(in the menu if you use chrome, if not Google it)

2) Create your questions (using your examples or student created ones)

A screenshot of a Google Form titled "Billboard 2016 Artist and Song of the year". The form is displayed in a purple-themed interface. At the top, there is a navigation bar with a back arrow, the title, and icons for settings, preview, and a "SEND" button. Below the title, there are tabs for "QUESTIONS" and "RESPONSES" (showing 24 responses). The main content area shows two questions. The first question is "What was the best song of 2016?" with a "Multiple choice" dropdown menu. It has five radio button options: "Ariana Grande - Into You", "5th Harmony - Work from Home", "Rihanna - Needed Me", "Other...", and "Add option". The second question is "What was the best album of 2016?" with a radio button option "Beyonce - Lemonade". A vertical toolbar on the right side of the form contains icons for adding new questions, text, images, videos, and sections.

3) Goto to website [bit.ly](https://bit.ly) to create a customized short link

The image shows the Bitlinks dashboard and the 'CREATE BITLINK' modal. The dashboard at the top displays statistics: 37 Total Clicks, 37 Dark Traffic Top Referrer, and 37 United States Top Location. A bar chart shows activity from DEC 19 to JAN 11. The 'CREATE BITLINK' modal is open, showing a 'bit.ly' domain selector, a 'PASTE LONG URL' field, and a 'TITLE' field with the text 'Sign in - Google Accounts'. The 'CUSTOMIZE' field shows 'bit.ly/INSERTNAME'. There are 'COPY' and 'SHARE' buttons for the generated link 'bit.ly/2iDg60A'. The modal also includes a 'CREATED JAN 11' timestamp, a 'Hide Bitlink' link, and an 'Add or create tag' button. At the bottom of the modal are 'CREATE' and 'SAVE' buttons.
